PROFESSIONAL SUMMARY

Experienced Red Team Engineer with 16 years specializing in Cybersecurity. Strong analytical and problem-solving skills with a data-driven approach to decision-making. Track record of leading initiatives that resulted in significant performance improvements and cost savings.

WORK EXPERIENCE

Security Analyst — BrowserStack, Noida

2023 – Present

- Led incident response for ransomware attack minimizing business impact
- Automated vulnerability scanning reducing manual effort by 80%
- Identified and remediated 45 critical vulnerabilities in production systems
- Trained 200+ employees on security awareness reducing phishing click rate by 65%

Security Engineer — Razorpay, Noida

2021 – 2022

- Implemented Zero Trust architecture across 5000+ endpoint environment
- Achieved SOC2 Type II compliance for SaaS platform within 6 months
- Identified and remediated 45 critical vulnerabilities in production systems
- Led incident response for ransomware attack minimizing business impact

Cyber Threat Analyst — Autodesk, Chicago

2017 – 2020

- Automated vulnerability scanning reducing manual effort by 80%
- Built SIEM use cases detecting 99.2% of simulated attack scenarios

Penetration Tester — HCL Technologies, Hyderabad

2015 – 2016

- Implemented Zero Trust architecture across 5000+ endpoint environment
 - Trained 200+ employees on security awareness reducing phishing click rate by 65%
 - Automated vulnerability scanning reducing manual effort by 80%
 - Reduced mean time to detect (MTTD) security incidents from 8 hours to 45 minutes
-

EDUCATION

B.E. Computer Science — Anna University

Graduated: 2019 | Grade: 7.9 CGPA

TECHNICAL SKILLS

ISO 27001 • Metasploit • Penetration Testing • Cloud Security • Incident Response • OWASP • AWS Security • Threat Hunting • Python • SIEM • Vulnerability Assessment

KEY PROJECTS

Threat Detection Platform: SIEM-based platform integrating 15 log sources; detected 3 zero-day exploits in testing.

Phishing Simulation Framework: Developed platform for running phishing drills; improved employee awareness by 65%.

CERTIFICATIONS

- AWS Security Specialty
 - CEH
 - CompTIA CySA+
