PROFESSIONAL SUMMARY

Experienced Penetration Tester with 9 years specializing in Cybersecurity. Strong analytical and problem-solving skills with a data-driven approach to decision-making. Track record of leading initiatives that resulted in significant performance improvements and cost savings.

WORK EXPERIENCE

Cyber Threat Analyst — IBM, Chicago

2022 – Present

- Automated vulnerability scanning reducing manual effort by 80%
- Led incident response for ransomware attack minimizing business impact
- Trained 200+ employees on security awareness reducing phishing click rate by 65%
- Developed threat intelligence platform aggregating feeds from 20+ sources

Security Engineer — Microsoft, Hyderabad

2018 – 2021

- Built SIEM use cases detecting 99.2% of simulated attack scenarios
- Identified and remediated 45 critical vulnerabilities in production systems
- Automated vulnerability scanning reducing manual effort by 80%
- Implemented Zero Trust architecture across 5000+ endpoint environment

CISO — Cyient, Berlin

2016 – 2018

- Trained 200+ employees on security awareness reducing phishing click rate by 65%
- Conducted red team exercise uncovering 3 high-severity attack vectors
- Identified and remediated 45 critical vulnerabilities in production systems
- Automated vulnerability scanning reducing manual effort by 80%

Application Security Engineer — Persistent Systems, Dubai

2013 – 2015

- Automated vulnerability scanning reducing manual effort by 80%
 - Achieved SOC2 Type II compliance for SaaS platform within 6 months
 - Implemented Zero Trust architecture across 5000+ endpoint environment
-

EDUCATION

B.Sc IT — Mumbai University

Graduated: 2019 | Grade: 78%

TECHNICAL SKILLS

Penetration Testing • Python • Incident Response • OWASP • Bash • Splunk • Burp Suite • Cloud Security • Threat Hunting • AWS Security • Nmap

KEY PROJECTS

Threat Detection Platform: SIEM-based platform integrating 15 log sources; detected 3 zero-day exploits in testing.

Phishing Simulation Framework: Developed platform for running phishing drills; improved employee awareness by 65%.

CERTIFICATIONS

- CompTIA CySA+
- AWS Security Specialty
- CEH
